

TARGET L FLUSH BUTTON CHROME MATT

KOLLEKTION TARGET L

PRODUKTCODE:

K97-321

Produktbeschreibung

The chrome matt TARGET L button is an excellent choice for all bathrooms decorated in a modern style. It is a composition of two differently sized buttons with rounded corners. The smaller element is asymmetrically integrated into the larger one, which makes its design interesting. The button is adapted to a dual, economical water flushing system. The model is intended to be combined with a TARGET WC frame.
